

APPLICATIONS

TRIMMER POTENTIOMETERS

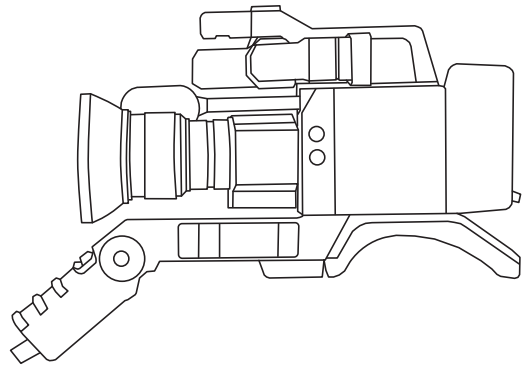

<Communications equipment>

- Exchangers
- Facsimile
- Assorted wireless equipment
- MUX

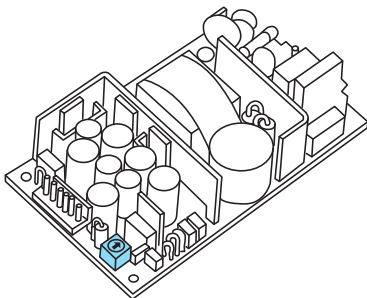

<Broadcasting equipment>

- Video cameras for professional use
- Color monitors
- VTR equipment

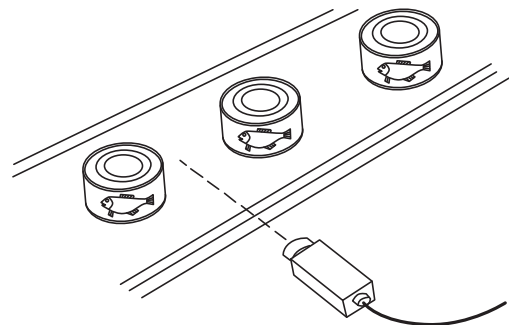

<Power supply equipment>

- Switching power supplies
- DC electrical power source equipment
- Assorted power supply circuits

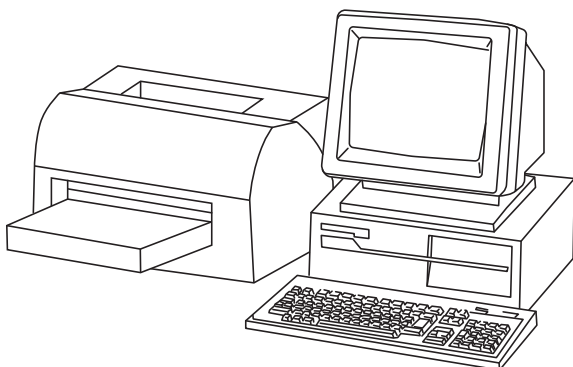

<Sensor devices>

- Photo electric sensors
- Pressure sensors
- Encoders
- Magnetic sensors

<Computer and peripherals>

- Laser beam printers
- Memory equipment
- Computer displays
- EMS boards
- CAD, WS

<Medical equipment>

- X-ray diagnosis equipment
- Ultrasonic diagnosis equipment
- Computed tomography
- Hematology analyzers
- Infusion instruments
- Telemetry systems
